

UPCYCLE IT! Turning Trash into Cash

UPCYCLEIT!

Upcycle It! is brought to you by Sustainable Westford as part of its mission to provide "green" programs to our community.

The program collects non-recyclables such as chip bags, granola bar wrappers and more to keep them out of the waste stream.

These items are sent to TerraCycle who pays 2 cents for each item collected. This money is donated to the Westford Public Schools.

To participate, save the items we listed on the back. **We can only accept wrappers and packaging that once held one of these items.** It matters more what was in the bag or wrapper than the type of material it is made out of. See website for more details.

Drop Off Locations:

- Starbucks (Rt. 110)
- J.V. Fletcher Library (basement elevators)
- Roudenbush – 65 Main St (basement floor next to elevator)

For more information:

www.SustainableWestford.org
